

Floor grinder FGE230M1

Small, foldable grinder, 1-phase, max. grinding width 230 mm

Grinds up to the wall

Folds down easily
to fit in a car trunk

Removable dust protective
ring - allows up to the wall
grinding (edger)

The FGE230M1 is a compact, professional floor grinding machine. Robust, reliable and easy to operate, this lightweight machine is perfect for floor layers, parquet and tile installers, painters, renovation experts, and construction companies.

At only 43 kg, it is simple to transport, quickly folds down to car-trunk size,

and starts safely even on weak power networks. A wide range of tools enables aggressive grinding of concrete and screeds, with fast removal of adhesives, coatings, and paint on small to medium surfaces. Upright edge grinding eliminates knee work, while elastically mounted tools ensure smooth results on joints and rough

floors. Ideal for balconies, garages, and substrate preparation before installing tiles, parquet, carpets, or coverings. Use with a Tyrolit dust extractor for clean and safe operation.

System & Accessories

Technical data

Floor grinder	FGE230M1 230 V	FGE230M1 110 V
Type no.	11009337	11017276
Reference model Contec	ALPHA	ALPHA
Voltage / Frequency	230 V / 50 Hz	110 V / 50 Hz
Max. grinding width	230 mm	
Grinding heads	1 x 230 mm	
Nominal power	2 kW	1.5 kW
Nominal current	13 A	18.7 A
Grinding speed	1290 rpm	
Motor cooling	Air	
Application	Dry / wet	
Tool attachment	Tyrolit EasyChange	
Number of tools	1 x 4 pieces	
Hose connection	Ø 50 mm	
Recommended vacuum cleaner	VCE2400D, VCE1200D, VCE3600D
